Comments

“ I phoned Adrienne today to wish her a happy birthday and learned that she had passed away. We were good friends from our days at the College of New Rochelle and stayed in touch all these years. A group of us spent short vacations in Vermont and Newport, RI. We all have fond memories of "A" and are so sorry to learn that she isn't with us any longer.

“ Adrienne was a friend, colleague and mentor of mine for over twenty years. We team taught first and second grade for ten memorable years. Adrienne and I agreed these were the best ten years of our teaching careers. We were lucky to have taught during a time when teachers were encouraged to share their interests/ passions with their students. As a result we were able to develop and teach exciting, valuable lessons and experiences to our students that I know will stay with them as the years go by. Adrienne was kind, fair and a good listener, all traits that made her an exceptional teacher. She also had a keen sense of humor that was greatly appreciated by both students and colleagues. I feel blessed to have had the opportunity to work with Adrienne and call her friend. I'll miss her dearly.

“ Adrienne was a "best" friend since kindergarten and we shared everything from Sunday dinners to visits to the shore. Over the years, wherever we were, we kept in touch and remembered the fun of being together with our third good buddy, Margarethe Kulke. Adrienne made beautiful quilts as gifts for new babies, she experimented with other teachers to bring the excitement of conquering space to her school kids, she visited every museum she could find. She loved Paris. And she was funny! A very talented, warm and giving person that I was happy to know so well. Rest in peace.
