“ Love you bro, over months ago I lost you and it's hurts as much now as when I got the call that late night in March. I just want to hold you like I did in this picture almost 20 years ago. You were too good of a person to be gone to early in your life.

“ Endless hours of laughter is the best way I can remember you. You were my teammate, my friend and my brother. I'll miss you forever and I'll never forget you.

“ My dearest and darling youngest son you have taken with you a peace of my heart. The lord must have had other plans for you because he knew how beautiful and kind your heart was. I will love you forever and miss you tremendously. My world is so empty without you. I feel you in my heart and see your face every day. Loving you forever your mom
