“ It hurts like hell when you lose someone that you really love. From experience I can say that a time does come that you can think of him in a good way. You will come to be able to think past the pain and the loss and hold onto the great memories of living with one of the worlds greatest guys. Father, Grandpa, Uncle, husband and most of all "comedian" that kept us all in great spirits. We miss you uncle Andy##imported-begin##Ray Cella##imported-end##
