“ To all of Bea's children, grandchildren, great grandchildren and all those who loved her I want to extend my heartfelt condolences. I hope that today's celebration of Bea's life will bring you all closer together when you share the love and good memories that you all have shared with her. My son Joshua and I have never met Bea, but he did get to talk with her on the phone many times, and she did her best these last 10 years since his birth to build a connection to Joshua with gifts and short chats long distance. I am very grateful that she did what she could so he could get to know her a little. I had hoped that he would someday get to meet his grandmother, and that she could have met him, and I deeply regret that it didn't happen. It is still my hope however that Joshua will someday get to meet the rest of you and that way he will get a better glimpse of his grandmother and grandfather through your eyes and memories, and he will be able to make a connection to his relatives back east. Once again, my sympathies to you all, and God bless you. Jan Nash (Joshua's mom) Springfield, Oregon###imported-begin##Jan Nash###imported-end##
