“ My condolences to his family. Chris was the most caring person I knew. I remember starting at Hackensack and him being so bubbly and making me feel welcome and comfortable. He made me a personalized bat for me to use for protection since I had to travel alone at night he said if it were his daughter he would want someone to do the same for her. I pray for peace and comfort to his wife and children. May he rest in Paradise

“ Chris was the first E.R Tech to welcome me to the E.R. He became my good friend in no time. There are so many great words I can use to describe him, but his smile had them all in one. Rest Peacefully Chris. God surely gained an angel. You will always be remembered by many..... especially me....

“*Chris was my rock during work hours, and I knew I could always depend on him. Even after we stopped working together, he always popped up in my life with his amazing smile and a warm hug and kiss on the cheek. He was truly one of a kind.*
