“ *I am heartbroken to learn of the passing of a dear childhood friend. I was glad Dan was a part of my life. He was always there for his friends. He was at our wedding and was one of the first people to come see my son when he was born. He was the kind of guy that would go above and beyond for the people that he cared about. He will be missed!!

“ I am so saddened and devastated to hear the news of the sudden passing of Dan. He was one of my all time favorite and special students that I had the honor and privilege to teach both in our BHS Band Program and as a private drum student. The progress and growth he had made as a drummer and musician was second to none. More importantly, he was always a friendly and sincere young man and human being, who cared about everyone that he came in contact with. I am equally saddened that I will be out-of-town still and will not be able to attend Dan's Funeral service. Please know Bro that I will be there in spirit as your legacy of a dear friend to all and an incredible drummer will live on with all of us for all the years to come. My sincere condolences to the entire Cleveland Family. Please know that you all are in my thoughts and prayers and I ask God to take each of your hands and to walk with you during these next few days of sorrow and sadness. Until we meet again little Bro, thanks for everything you did for me both as a student and a friend.
