“ *My prayers and heartfelt condolences go out to Dennis' family. I was a classmate of his at St. Joseph's and will remember him fondly. We missed him at the last reunion, but he was in my thoughts and prayers then, as he is now. May The Good Lord welcome Dennis into His Kingdom and reward him for his good works here on earth. “ I am so sorry for your loss. Dennis and I were good friends at FDU and graduated together. He was best man at my wedding to my first wife Peggy in 1969. We lost touch in the 70's but he has always been in my heart and mind. He kept sending his famous homemade Christmas cards. The one I liked best was "Exposing my self to medicine at SUNY". I was at the house in New Milford where I met his father Salvatore, he was terrific. I tried to contact him in the 80's but I think he was in Perth. I am sorry I didn't try harder afterward. My deepest condolences for your loss. Ed and Linda Nowicki###imported-begin##Edward Nowicki###imported-end##

“ Our mid-teen years were filled with much light- hearted laughter, serious conversations about life, and challenging adventures. Although we grew our seperate ways, I will always considered Dennis as a never forgotten bonded friendship. May you be at peace my old friend, until we meet again in our Father's Kingdom. God bless you and your family. Your old friend, John###imported-begin##John Isaac###imported-end##

“ While I haven't seen Dennis for many years, I certainly remember him from high school in New Milford and am sorry to learn of his passing. While I would rather have learned about his distinguished career in medicine another way, I am grateful to know of his contribution and feel honored to have known him.##imported-begin##Steve Ross, NMHS '64##imported-end##
