“ *Don Madden's age was not given in his obit in the Bradenton (Florida) Herald...I am 90 years of age, and I recall that Don was somewhat younger than myself....I had some wonderful experiences with Don during his years as stage director of our community theater here in Bradenton...He gave me some insights into humanity as have many dramatists done, e.g., Thornton Wilder, William Inge, Tennessee Williams...and even William Shakespear. Although it has been over 50 years since I last saw Don, the influence he had upon me has been lasting, and I shall miss him... for how long I don't know....I offer my sincere condolences to all who survive him, including myself....John Schaut.
