“ Kanta and I are profoundly saddened at the passing of Bud. I have known Bud since the early 1980s and we shared many things in common as fellow engineers in the power industry although I am a mechanical engineer. He was always gracious and warm with a great sense of humor. He and Lynn raised a great family who have inherited his legacy of grace, warmth and love. Kanta and I will miss him greatly. Our condolences to the family and may his soul rest in peace! Komandur Sunder Raj.
