“ Dear Grandma, we miss you so incredibly much. You are constantly on our minds and in our hearts. Not a day goes by that we do not think about you but that is what keeps us motivated to keep going. You were loved by everyone around you and always put others before yourself, willing to sacrifice anything to make someone smile. We are going to miss that beautiful smile and laugh of yours, but we cannot wait to hear it again when our time is called to be reunited with you. Until then, please watch over us and guide us through life. We love you always and forever. Love, Ava

“ The loss of you was so unexpected. You were taken before we were ready to say goodbye, but I now know why you had to go. You will always have a place in my head and in my heart, just know that part of my heart goes with you. You were my strength when I was weak but now I will share the strength you have given me all these years and be strong for our family. With all the love that I have I hope you rest in peace until we see each other again.
