“ Hoshiko, You were truly one of a kind. Though we had not spoken or seen each other since graduation, I have nothing but positive memories of you. We had some great times when we were younger and neither I nor my mother will ever forget you. I wish I had been able to see you at least once more before this tragedy occurred. I still cannot truly believe that you are gone. My mind is just having a hard time grasping that. My heart aches every time I even begin to think of the inconsolable pain that your family must be enduring. My prayer for them is that, although it will not take their suffering away, they can find some comfort amidst this terrible situation and appreciate how loved you were and still are. Many people try their entire lifetime to achieve the level of respect and admiration that others hold for you and never succeed. It is truly a special thing to see just how many people have a special place in their hearts for you and always will. Just writing this brings me to tears so I can only imagine how your family is feeling. May you watch over us and keep shining in the heavens! I would like to extend to the Nadal family, my deepest sympathies for your terrible loss. He was an amazing person and his passing shall not be in vain. Respectfully, Lissette Rio (Rodriguez)###imported-begin##Lissette Rio (Rodriguez)###imported-end##

“ To the Family, I am so sorry for your lost Chico was amazing. I had the privilege of meeting Chico about 10 months ago and I honestly can say we became very close. He honestly had to be one of the nicest guys I have ever met and you can tell that from what everyone is writing about him. I remember the time I had to drop him off from work one night and he wanted me to come in and meet his family. I had the pleasure of meeting his mother, father and younger brother. Chico would tell me about his sister and her husband and how great they were it felt like I knew them from all the good things he would say. I also remember how excited he was when his nephew came into his life. Chico always had good things to say about everyone. Its true his smile would change any mood you were in. If I was ever upset with him at work 15 min later he have me laughing. We spoke pretty much every day. I am so sad I did not get to spend more time with him. Chico from our talks you know I am always here for you and I thank you for always letting me know how much you appreciated everything. I am glad I got to talk to you that night what was the odds of you calling me at 12:30 and what you told me I will never forget. Chico thank you for becoming my friend you will be missed by many.
