“ To All the McAuliffe Family - I'd like to share something with you - back in 1967 when your dad was head of the Ped. Dept. at HNH, I had given birth to my 1st child, delivered by Dr. Fox - I had had a very difficult delivery and I hadn't seen my baby - in walked a tall, handsome doctor (your Dad) and he said, Mrs. Bergmann I'd like to talk to you about your baby, the tears just flowed from my eyes, "Oh", he said, it's not all that bad, her left foot is turned outward, and I need your permission to put a cast on her foot to straightened it out - I looked at him - I said, this is the 1st time I have seen her, and with that he put his hand on my shoulder to reassure me - he asked, "Who is your Pediatrician", I don't have one - "Would you like me to be your Pediatrician?", yes, I said, sobbing - his manner was so gentle and reassuring that everything would be OK. All my four children just loved him. I met your Mom when she was sitting in for the nurse one day and as I approached her to pay my bill, she said "Are you sure you want to pay all that". Your parents were such wonderful, compasioned people. What an act to follow. May God Bless all of you.##imported-begin##Mary F. Bergmann##imported-end##
