“ *We were very sad to hear of Joan's passing. We knew that she had periods of ill-health but this still came as a huge shock. My partner and I had known Joan for almost 20 years; we met through our mutual love of collecting playing cards, when Joan joined our Society (British Brewery Playing Card Society).*

Joan was "our woman in the US" and often helped us by sending packages of cards to the UK. I was fortunate to meet Joan and her mother when I was working in the States many years ago. I spent a pleasant afternoon and evening with them and saw a small fraction of their card collection.

We will miss you Joan.

Rest in peace.

“Joan is a devoted Catholic who volunteered her time, talent and treasure with Holy Trinity Church. The Filipino-American Ministry was fortunate to work with her closely during the 150th anniversary of our church and the Annual Novena to the Blessed Virgin Mary and International Potluck celebrating fellowship among parishioners who come from different cultural backgrounds.

We will miss Joan but we will remember her with respect and admiration for the wonderful person she was. We pray for her as she embarks on her final journey to join her Creator. God bless, Joan!

Joan was a very special person. She sacrificed so much to care for her
mother. After her mother's passing she grabbed at all life's possibilities.
I was in awe of her passion for life. I pray for your happiness in heaven.

“ It was with great sadness I learned of Joan's passing. Joan was a member of the Class of '62, The College of New Jersey then called Trenton State. Joan and I both majored in Health and Physical Education. Joan was an outstanding student and took on many leadership roles both in college and after graduation. Her warm and pleasant personality will be missed. Joan Nicodemus Rottkamp

“ So very sorry to learn of Joanie's death. We worked together at the Teaneck Recreation Dept. Joanie was the Summer Playground Supervisor. I have some very fond memories of conversations we shared and good times. She was a beautiful person, inside and out. So loving and caring to all. Joanie was a born 'teacher'. May she rest in peace.

“ Dr. Manahan was the consummate educator who touched generations of students in the Bloomfield School System. In particular, she became an icon at The Bloomfield Middle School (originally North Junior High School) for over 4 decades. Her sincere commitment to her students throughout the years was genuine and unconditional. Long after her students moved on, Dr. Manahan remained part of the journey of many of her former students. Her interest in the success of her students was always unconditional. She was a good friend whom I will miss.

“ *My deepest sympathy and sincere condolences to you all. Joan was just a wonderful, outstanding and unique person, professional and friend. She and I often drove together to Columbia University when we were working on our doctorates. Joan and I jointly did a rather detailed project together for Dr. A. Gentile in my first course there -- on neurophysiology (and motor control) of the brain. Joan was a delight with whom to be and to work. I saw her a few years ago for lunch and a visit. She was such a fighter and inspiration. It saddened me so to know that she suffered such medical difficulties. It amazed me though that her spirit, enthusiasm, and love of life and people radiated from her in spite of every thing. What a TREMENDOUS GAL!!!!!!!!!!*

Joan will be sooooo missed!!!! May you rest in peace, Joan -- until we see you again.

“ *I have been doing Joan's hair 2 x a week for 20 years. She is a wonderful, kind hearted woman. she was always there for me when I was sick. With kind words and prayers. We helped each other out. I am going to miss you Joan. You were a great listener with good advise. I am going to miss our Tuesday and Friday time together. Rest in peace. I know you will be another angle looking down on me with guideness.*
