“ I was looking for my old friend John online and was shocked to find from this obituary the sad news that he had passed away three years ago. I was a resident with him at St. Joseph's Medical Center in the mid 1980's and we shared many fine professional and social occasions together. I don't know if anybody from the family would still be able to read this after so much time has passed, but if anybody does, I would appreciate a call at 860-739-3339. God bless and may John be resting in peace, having left lasting good memories with me and my wife.##imported-begin##Vijay Sikand##imported-end##

“ I am deeply saddened by this news, as I did not know that John was ill. I have been his friend for 25 years and attended both St. Peter's College and UAG Medical School with John. If someone from the family could call me it would be greatly appreciated 319-331-5861. I am trying to find NJ contact information but family numbers are unlisted 12-29-08 Barbara##imported-begin##Barbara A. Muller MD##imported-end##

“ My 10 year old son and I, both were patients of Dr. Sonzogni, as well as many neighbors in Stony Point New York. All of us are deeply saddened by his passing. While recovering from a torn calf muscle I would talk about my son Christian. Dr. Sonzogni would proudly talk about events with his son. I cannot remember the details; but what I remember most was his passion and his confidence. I knew I and my son were in good care when we visited him. Its impossible to imagine how many lives he touched. The world is a much better place as result of his being here.##imported-begin##Christopher E Cartier##imported-end##
