“ *Dear Pagliuca Family, Just wanted to offer my condolences on losing your Husband, Dad, Grandfather. I met him a few times while Joanne and I were working in the same office in Teaneck, NJ. He was a very special person, always kind & warm to me. Even though he didn't know me. He made me comfortable talking to him and his Special Wife too. God bless each and everyone of you. My prayers and thoughts are with you during these sad days. Keep the good memories of special times spent with him. I know he is watching over all of you. “ I am saddened to hear of the passing of Joe. There are several people still here in the Ga facility that worked with him between 1982 and 1992 when he would come for his company visits. I personally worked with him while i was on the shop floor and then answered to him after i was promoted into the management team in 1990. Joe was knowledgeable and engaged many people and customers during his time here. Today I am the Operations Manager for Groov-Pin and oversee manufacturing in both the Georgia and Rhode Island facilities. I learned many technical things from Joe that helped me in my career here. My condolences and sincere sympathy to your family in this time of loss. Scott Bunn##imported-begin##Scott Bunn##imported-end##
