“ *My husband was diagnosed of Parkinsons disease 2 years ago, when he was 49. He had a stooped posture, tremors, right arm does not move and also a pulsating feeling in his body. He was placed on Senemet for 8 months and then Sifrol was introduced and replaced the Senemet, during this time span he was also diagnosed with dementia. He started having hallucinations, lost touch with reality. Suspecting it was the medication I took him off the Siferol (with the doctor’s knowledge) and started him on PD natural herbal formula we ordered from AKANNI HERBAL CENTRE, his symptoms tota,lly declined over a 3 weeks use of the AKANNI HERBAL Parkinsons disease natural herbal formula. He is now almost 51 and doing very well, the disease is totally reversed! (Visit w w w.aknniherbscentre .com)*

“ Our sincere condolences to the Braun Family, upon reading of the death of Dr. Joseph Braun. We were patients of his excellent care and feel fortunate to have known him. Even though he has since retired from practice, he will be sorely missed for his devotion to his patients. May you find comfort in knowing he touched so many people during his life. Sincerely, Jerry La Pietra & Family###imported-begin##Jerry La Pietra###imported-end##

“ Dear Dr. John and family, Our family was so saddened to hear about Dr. Joe's passing. He was a wonderful and caring doctor and had a great sense of humor. Dr. Joe always made you feel better as you left the office. We were one of his first patients back in 1972 and continued seeing Dr. Joe for about 20 years. I remember in the late 70's he arranged with his sister, Kathy, who was a physical therapist in NYC to take me to work with her one day to see if I would be interested in becoming a physical therapist. I met her at his mother's home and off we went. Although I didn't go into that field, I never forgot that. RIP Dr. Joe, you were the best!###imported-begin##Judy Small###imported-end##
