“ It was a blessing to get to know such a gentle giant in such a short length of time at Austin High School. I can't stand to see your walkie everyday cause I am STILL in such disbelief, but who am I to not say "RIP my friend (my work brother) you're definitely missed, our school is less safe without you, and myself and others wishes for more time to chat, laugh and be silly with you 😞 not having you here to ask me a million questions, or to just call my name for no reason, walk me to my car to see who Dodge Charger was the cleanest and of course race me out the parking lot, but I understand your name was called and you responded to God's voice NOW rest on my friend 💔 Mrs. Trenese White-Belton
