“ On behalf of the 400 Institutes for Learning in Retirement that belong to the Elderhostel Institute Network, we send our deepest sympathies to Lois' family. I was personally privileged to work with Lois for 11 years, and in these last few months we shared almost daily phone calls. Her dedication to the Institute for Learning in Retirement at Bergen Community College is what has made that program the success it is today. Lois' work has helped pave the way for coming generations of retirees to experience fulfillment and satisfaction in their later years. She will be greatly missed. Nancy Merz Nordstrom Director, Elderhostel Institute Network
