“ *My love and prayers go out to Lorraine's family during this very difficult time. Lorraine was a mentor, friend, and wonderful human being. She was never too busy to help you or give you great advice. We laughed at all the curve balls life often throw us. I will miss her terribly and know that she is an angel in heaven, like she was on earth.*

“*My name is Kathleen Miller, I am located in Buffalo NY and Lorraine was mentoring me thru my fellowship at MGMA. She talked me into getting more involved in NYS Bones and really was there when I had a question regarding a professional career. A month ago when I gave her a copy of a paper I was writing, she responded with constructive criticism on how to make it better, had I read this book, had I considered this thought. I joked with her about taking the time to help me when she was so busy and she said helping others made her feel good. I am saddened by her passing, and shocked that I have lost someone that I believe is a good friend today, but with more time would have been a closer friend. My heart goes out to her husband and her daughter.*

Thank you Kathleen for your kind words and sharing a memorable moment. My mom somehow managed to find time and took great pride in mentoring women in the workplace. She would be happy to know that she made a positive impact.

“ *I was not only fortunate to work with Lorraine for many years, but was proud to call her a good friend. I will miss our daily conversations about the Mets and how they need some hitting. In life we come across people that have an impact on us, Lorraine was one such person to me. I will miss her greatly.*

Thank you for your kind words and memorable moments Joe. I was with my mom when the Mets blew it in the last game of the year- two years in a row (ugh). Although I gave up on the Mets, she was committed and I'm glad that you were there for her to commiserate and joke with about those talented Mets.

*All the best,
