“ *Our legacy is really the lives we touch, the inspiration we give, altering someone's plan - if only for a moment, and getting them to think, learn, cry, laugh, argue.... We are remembered for the moments we shared with those around us and the memories we made...How lucky I am to have memories of you that make saying good bye this hard. Your example will continue to inspire us....May you rest in peace.*

“ Dear Sister,

WOW, I know that holding on you were trying to give us time to prepare ourselves when you were gone. However, I don't think that I was ready or I had enough time. I needed more time to tell you all the things I never did, more time to ask you about how you were doing, more time to say sorry if I assumed things and I didn't ask, more time just to be upset for silly things, more time to comfort each other.

I never thought it will hurt so much to see you gone. I wish I could go back in time to tell you one more time “I LOVE YOU, I AM HERE”. You left such a big hole in my heart. I will miss you forever.

"They shall hunger no more, neither thirst anymore;
the sun shall not strike them,
nor any scorching heat.
For the Lamb in the midst of the throne will be their shepherd,
and he will guide them to springs of living water,
and God will wipe away every tear from their eyes."

“ *Life is a mixture of sunshine and rain, laughter and teardrops, pleasure and pains. Some days are cloudy. But there is never a cloud that Light doesn't shine through.*” She was the Light (Luz) to her mother, sisters, nieces, nephews, bother-in laws and touched the lives of many relatives and friends with her loving kindness.

Thinking of all of you and sending our love and prayers!
