“ *Mario was an outstanding technologist and one of the nicest humans. From Italy to Slovakia to Finland, from Canada to China and the Middle East, we travelled together on projects and created indelible memories. Mario was always thinking and so lost in thought that he once returned someone's private car to the rental car agency! Others would have panicked but Mario just shrugged it off in his inimitable style. He had a keen sense of humor and over long walks after dinner in foreign lands I came to know well the very loving husband and father. Truly one of a kind and we will miss him dearly.*

“ Over the last 30 years I have had the honor of having Mario as a cherished colleague but more importantly as a cherished friend. He has made me a better engineer in his patient teachings throughout the years and as a result I am a better person for it. It is said friends are the family we choose, and being chosen by Mario as a friend is a great honor in my life and his passing leaves a great void. I will miss the competition of the yearly bowling season and the dinners we shared but I will never forget.

Rest in Peace Mario

“ Over the last 20 years I have met with Mario many times all over the world. He was a true professional and always a gentleman. Meetings were always informative and a pleasure to attend. His name is always mentioned as one of the most knowledgeable in our industry. His contributions have been many. He leaves a large void that will be difficult to fill.

Rest in peace Mario.

“ It was honor to meet, learn and work with Mario in CLG. He was one of the BEST technologist, very humble person. I had lot of learnings and I will remember him throughout my career. I thought I will get a chance to meet him in the coming vacation. I pray god to give strength to his family during this difficult time. Rest In Peace Mario!
