“ *My condolences to all Mike's family. Mike was my cousin. I have such fond memories of him from my childhood and on up to my adulthood. I remember him coming to our house in Newton to ride our horses along with his brother Tommy. Mike was always concerned and offer words of encouragement whenever there was something going on in my family. I admire all the dedication he had for his fellow transplant recipients and the work he did volunteering at his support group. Mike will be sorely missed. My thoughts and prayers go out to all his family and friends.*
