“ *I was really devastated to hear about what happened to Mike and send you my deepest sympathy. I am a professor at Pace and saw him almost every day, except for this Spring, when I have been on leave. He knew who everyone was by sight in the university, and we always said hello and exchanged greetings. Even though I lost my sight about seven years ago, I also recognized his friendly voice and the sound of his cart. He did his job so well and never complained about anything. We will miss him--he was part of the university in a way. Please know how much we will all miss him and share your loss.##imported-begin##Karla Jay##imported-end##*

“ Dear Rogalle Family, Please let me offer my sincere condolences at your loss of Mike. I knew Mike from his many deliveries to the Psychology Department at Pace University. He was a great fellow, always interested in the department. He and I spoke on many occasions about WWII and the military. What a loss! I am sure that Mike's family will miss him. I imagine that he was a kind and caring family member. Best wishes, Barbara Mowder##imported-begin##Barbara Mowder##imported-end##
