“ *My deepest condolences to the Klein family at this very sad time. I was very shocked to hear of Miriam's passing. She was part of my youth, both as the mother of one of my closest friends in teenage years, and as a good and valued friend to my parents. The two couples had many interests in common, and a common language as well. We then lost touch for the better part of 25 years, but facebook reconnected us, and Miriam and I became 'friends' again. I eagerly awaiting her posts and news of the family, and very much appreciated her interest in my young family, as well as her words of comfort when I remembered my parents. She really cared. She was a beautiful woman, inside and out, generous, hospitable, and intelligent. I am so sad that she has been taken from you. With much love, Julie Gottlieb-- Manchester UK*
