“ Nicholas and I had the opportunity to spend time together at the Freehold Driving School. It was a pleasure knowing him. It is difficult understanding why a young man is taken so early in life. I hope his family will be able to eventually heal from his passing. Having wonderful memories and the hope of seeing him again may help in this process of healing. Sincerely,

“ Hi Nick its great to share our friendship together and as an Italian Brother like you and even we shared a lot of great care for each other and able to go through high school together for 4 years. I remember our Graduation and to think of you always as a Brother to me. We also shared a high school together and the class of 2013 and that was our time was spent through out the years of high school. I always remember all of our funny moments through High school. I remember eating lunch with you every single day, in and out of the Cafeteria hanging out with all of our great friends. Me and Michael Prince and all of your 2013 graduating class as well in spirit, love and giving thanks to you.  
We all love and Miss you all at the same time.

“ Dear Desandis family, I will never forget the times I had with Nick in River Dell High School. Going on school trips, having parties, and just plain hanging out with Nick were some of the most enjoyable memories I had with him. He was a great friend to me. I will miss him for the rest of my life. So lucky i got to know him and call him "friend".  
I will pray for you all. Sincerely Michael Prince
