

Pastor P Quiroz Jr.

September 2, 1947 - January 9, 2022

Eng. Pastor "Jun" P. Quiroz, Jr. passed away on January 9, 2022 at the age of 74 at Holy Name Hospital. His battle with dialysis and complications in recent years showed his courage in facing life challenges with a smile. Despite the pain, Pastor lived as a model father and husband and stayed strong until the end.

Pastor attended Caloocan High school and graduated at FEATI University in Manila as an Engineer. He was a devoted and loving partner to his spouse, Lolita, for 48 years, as well as a dad to their children Johnattan, Lynnamair, and Lynnabell. He cherished his time with his grandchildren Jianna, Lillianna, Lyssandra, Jovanna and Lynnamary, and his dog Louie.

Pastor loved to travel capturing and detailing everything with a simple click of a camera. He loved to listen to Abba, Be Gees, Carpenter, and Matt Monroe so loud the house would shake. He loved to spend quality time with his grandchildren and love to be a kid himself. His number one achievement that he was very proud of was coming to America, raising three small children, and ensuring they all finished college, established themselves, and be independent.

“ I will always remember Pastor. He was one of my dad’s longest customers, sticking with me and showing confidence in me by sending his friends and family to me, after I took over my late dad’s business. I wish he knew how much I appreciated him.
So, what I knew of him was his tremendous generosity and kindness. And having met his wife and children, I got to experience more: this warm, and open man, willing to laugh and play with his family. He was refreshingly authentic and inspirational. I just wanted his family to know how much he touched my dad and myself and our family.
Gone too soon but never forgotten!
May you rest in everlasting love and peace, Mr. Quiroz ❤️

“ *There are friends,
There is family,
And then there are friends that become family.*

Bapa June and my dad were our pillars of friendship growing up. Brought together way before all of the kids were born, their brother-ship began 40 years ago in Aug of 1981 in Saudi as room mates and continued even when they both moved to Canada & US.

They both were the definition of showing up, as fathers and as friends. Bringing our families together every year whether it was in Toronto or New Jersey, our families grew up together - spending family vacations, going to amusement parks, casino, and as we grew, making each other our own children's godparents. I remember as a kid, seeing them always race to pay for each others' families, whether it be at highway tolls in the states or everyone's tickets at amusement parks and tourist attractions.

Bapa June and his family spoiled our family with love, hospitality, gifts, and more importantly, my dad and him would talk into the early hours of the morning on those trips, reminiscing their time in Saudi and showing up for each other during our life milestones.

You don't really see friendship like that nowadays, true brotherhood in its purest sense. We will miss you Bapa June, thank you for being a brother to my dad, and for sharing your love, time, and family with us. We'll see you soon.

“ Mr. Quiroz, or rather "uncle", not only was a loving father to his own kids, but extended his generosity and kindness to me and made me feel like a part of his family. I was an international student and a friend of Lynn's from the university. I missed being a part of a family and its warmth when I was living in the USA. But Lynn's parents gave me that sense of belonging to a family by including me in their family activities and gatherings. It says much about a person when he allows a stranger into their house and treats this stranger like his own family. As I write this I have an image of him in my mind... from an outing to a seafood restaurant enjoying his favourite lobster with a smile on his face. Mr. Quiroz leaves a rich legacy behind. He has brought up his children well and I can attest to this as Lynn's best friend. Lynn is probably the most kindest person I know, spreading the same warmth and love to all... Obviously, this she has learnt/inherited from her father (and mother). Albert Einstein once wrote, "Our death is not an end if we can live on in our children and the younger generation. For they are us; our bodies are only wilted leaves on the tree of life."

May you rest in peace uncle and find eternal happiness in paradise. You will be always remembered ❤️.
