“ Dear Robert, Douglas, and families, I was very sad to learn of Mrs. Pelcak's death. She was my first grade teacher over 40 years ago, and was my absolute favorite teacher! In fact, I invited her to my wedding many years later, and was thrilled that she came! I will always remember how nice she was, how she made new name signs for our desks with stickers to match each season, and how she used to change into her slippers when it was music time in preparation for playing the piano that was in her classroom. Since your family lived only three blocks away from our home (we lived on Howard St.), I would pass the house on the way to and from Hawthorne School, and I continue to pass it when I return to Teaneck. Whenever I do, I smile and think of her. Know that she was special not only to you but to many others, and that I will always remember her. She will always hold a special place in my heart. My sympathy and love go out to all of you in this time of loss, as does that of the entire Talbert family. With deepest condolences,
Ellen (Talbert) Callanan###imported-begin###Ellen (Talbert) Callanan###imported-end###
