“ My Dad was great! He was very funny and would love to make people laugh. That great sense of humor drew people in and he would easily make friends everywhere he went. He certainly left an impression on people. Everyone loved Pete! Within our family he was also the life of the party. He loved 50's music and dancing, drinking his Zinfandel wine and cracking us up with his classic one-liners that even the grandchildren know, love and repeat. He was just a charismatic man. He was also a man that did so much for his family. He was always there if any one of his children or grandchildren needed something. Whether it was help writing a paper, anchoring something on the wall, planting flowers, building a waterfall in the yard, packing, moving furniture, unpacking, the man did it all! He beamed with pride while talking about each of his grandkids and their many achievements; no matter how big or small; those kids were the light in his life. The only person who could out shine them was the love of his life. My mom, his darling, his KB, his Bernie. ❤️ Married for 55 years, they'd lived through so much. Good times, bad times, births and deaths and they got through it all together. My parents gave us all a great foundation of what a loving family felt like. I knew in my heart I was a part of something very special. Today, I'm crushed and feeling this huge loss of a man I've loved and adored my whole life. I don't want to say goodbye- not yet... we still needed him. My only comfort is that he's been reunited with his mom, dad, brother, family and friends who have gone before him. I pray that he's making them all laugh and that's bringing him solace being away from each of us. I love you dad with every piece of my broken heart. Until I dance with you again....
