“ *We are so very sorry that you had to go through everything that you did and were a trooper about it. I know there were times that you could not stand it, but there was never a day you would not get up and go to work and not complain. You were an excellent football coach to all the boys from the second grade on. You are now at peace and I know that me and Ryan will be missing you for the rest of our lives and will always love you very much. You are the best that ever was and will be. Rest in peace my wonderful Peter you deserve it. We love you very much. Your loving wife and son.##imported-begin##Eileen##imported-end##*
