“ I was in desperate need of engineering help. I was lucky enough to find Ralph and Richard Peck. Ralph brought such passion and life to my job. He made all of the projects we worked on fun, which is saying something! He was a great teacher and was always willing to share his knowledge. I stayed in touch with Ralph after leaving that position in 2011. I am thankful for that. I went through some tough times. Ralph always had kind and sage words of advice. My condolences to Marie, the kids, the rest of the family and friends.

“ *Ralph was kind, sharing and the wittiest person we have ever known. He could explain complex scientific events as easily as talking about a Judge Judy decision, making us laugh in both cases. We will miss him so much, our condolences to Marie and his family.*
