“ *Rob, you worked with me for more than 25 years. During that time our work relationship became a strong friendship. We were there for one another during good times and during difficult times. You will be sorely missed. Make sure you keep watching the sweet 16! So shocked that you are gone! Tax season will never be the same! RIP my friend.*

“ Bobby was my nephew. As a little boy, I babysat for him and took him to the park. For Halloween I made him a robot costume that never made it through the day. He always participated in family functions. As an adult, he rented an apartment in the same town that I lived in. He was always over the house, and would help my daughter with her homework and have dinner with us. He was so smart. Then one day, for reasons only known to him, he disappeared from our lives. I respected his decision, and felt comfort in knowing he had met someone special. We did not have a present but we had a past full of great family memories. I am sad that my sweet boy is gone, but comforted in knowing he is with his mom and dad. You were always loved Bobby.
