“ *Our thoughts and prayers are with you, Robert and Ruth, at this difficult time. We are the couple who lived across the hall in the Franklin Manor Garden Apartments in 1949 to 1952. We were very close to Bob and Dot, and have many wonderful memories of shared times - in New Jersey and in Maine. We have enjoyed exchanging Christmas letters and pictures with your dad over all the intervening years. He seemed to truly enjoy his time in Blue Bell. Even if our names seem a little vague in your memories, please know that we were saddened to see about the passing of a very dear friend in The Star Ledger this morning. We send our love to you both.
