“ *I first met my dear friend Rosalie at Our Lady of the Visitation Church in Paramus over fifty years ago. We were both the youngest of 8 children and shared a similar birthday month and Italian heritage and worked together on several church committees. She was always there to listen whenever I needed to talk. Rosalie and Bill were very dear friends to me and my husband Leonard as we raised our families and shared many happy times together. She was a major source of support after my husband Leonard passed away and joined me in celebrating my 90th birthday 5 years ago. The entire Guida family was saddened to learn about Rosalie's and Bill's passing and will be forever grateful to have known such a beautiful couple for so many years. My sincere condolences to the entire Bailey family.*

With all my Love, Carmela "Millie" Guida.

“ I had the pleasure of working with Rosalie for many years at the Norman A.Bleshman school in Paramus. She was a go-getter And loads of fun. She was always patient and caring to all her students. I remember one especially named Angelo. She had to administer shots daily and she told him to count to 100 Each time. He did this —forgetting the pain. Rosalie went with me when he passed away. A terrific nurse and friend. Thank you Roe for being part of my life. Kathy (Reid) Mortimer.

“ My name is Joe Sepede. My first teaching job was at the Bleshman School. Rosalie was the nurse. I was the joker. I made Rosalie laugh often! She had a great laugh! I loved her like a big sister but never thought of her being anything but my age. She seemed ageless and so infinitely caring. When I saw her age I thought it was a mistake. I always thought we were the same age. I will always remember her !

“ To The Bailey family -Growing up in Jersey City leaves me with the fondest memories of my life. I spent many young days at my grandmother's home which was next door to Rosalie's. In the summers we would sit on the steps in back of the Capital Theater and talk about movie stars and the life we were looking forward to. Every week end we would look forward to spending time together when I visited my grandparents. Later, Rosalie went to school to train for nursing and I worked at Bergen Community College. We always kept in touch.Eventually, we became neighbors on Stella Court and spent many times together, and we were always there for each other. I will miss my best friend and hope to be with her again .
