“ The first time Rose came into my conscious mind as a person of substance was over 40 years ago. Throughout those 40 plus years her stature grew larger with every passing day. Many will remember Rose for her unique personality and warm heart. I will remember her as a WBE trailblazer, a brilliant businesswoman, an incredibly kind person and a friend. She built a small unknown company into a giant enterprise. She and her business exploits were known literally throughout all of North America. Rose became famous. Rose was literally a living legend. Now we have lost this incredibly unique human being. Rose is irreplaceable and my heart is very sad for all of us.

“ My sincere condolences to Jerry and family. I am so very sorry to hear this. Rosalie was a wonderful person! Doing business with her was a pleasure. We became friends through the years, and when I visited her in her home a couple of years ago, she was the same smart witted and warm human being. I will miss her dearly. 💕

“ She has been like family to us for as long as I can remember. A truly remarkable woman, Rosalie was fearless and unstoppable, an inspiration to me and to so many others. Her heart was immense, always open, sharing her love and time generously with everyone around her. She touched countless lives, and her memory will live on in all of us.

“ *I can't remember time when Rosalie she wasn't smiling and laughing. She was a very special person in that way. I know she loved her family and friends so very much. I will miss her. She was an inspiration for working women and was a beautiful example of a warm and loving person.*

“ *"A Rose by any other name..." Is how she started so many calls with me. And she would end with "You know sweetheart, I am madly in love you..." For almost 30 years, I have loved every call and interaction with Rosalie. A legend in business. A fiercely loyal friend. Comic relief when needed - or just to be enjoyed. I have known none like her and never expect to. She will be greatly missed but always remembered.*

“ Scott, we have known and loved Rosalie for over thirty years. She shared her Saratoga home and Florida apartment with us. We had so many laughs always. She was a force, one of a kind. We had lunch with her a month ago and got to laugh and hear stories we hadn't heard before but we always love for her to retell the old favorites. She loved you very much and we love you too. “ Rosalie was an incredible mom, grandmother and friend. I have known her for over a decade. I can truly say nothing but smiles come to my face when I think of her. Rosalie was a woman who knew how hard life could be but always managed to find something positive out of every situation no matter how dire the circumstances. My last visit with her was back in January of 2025. I always thought we'd have one more opportunity to have lunch or breakfast. But I will continue to cherish the memory of a woman who lived a full life and was an example to all on how to make lemonade out of lemons! Rosalie, you are an inspiration, may you finally rest in peace. 🙏💕

“ *Our famous trip to San Francisco to visit Mervin stores upon arrival we did our business and asked if we could get a cab to go to the San Francisco site at that point we were told it was nine hours away if we drove and we'd have to take a plane nobody ever told us that so we took a plane and on the way back we came back to see the Mervins people and everybody was in the lobby waiting to greet the two lunatics from New York, who were going to drive from LA to San Francisco We had lots of good laughs. It was so much fun being cousin with her. We shared lots of good times together and she will be missed so much.. from her cousin Barbara partners in crime*
