*My mom was such a beautiful woman. I was constantly told by my friends in my adult life how beautiful she was and how she dressed in such classic fashion. She was a fabulous cook and homemaker. She is truly missed so much. Love always, Penny*

“ *Rosemary was a classmate at SHS class of 1959 and was active and well thought of. We connected again through Facebook and shared thoughts about family and art. I think she found her true happy place as a mother and grandmother. Her radiant smile in photos with them showed the joy they brought to her life. I know that she will be watching over them always. Well done, Rosemary/ Babs Dee Kletter*

“ Rosemary, you were a loving and caring grandmother to my children Nicole and Krysta. We have so many great memories that we will forever cherish. Our two families go way back. When I was two to 6 years old you babysat my siblings and I. You were our next door neighbor. My mother went to highschool with you and Dick. Many years later you became my mother in law and it seems like only yesterday you were babysitting my children! We had come full circle . I know how much you love the beach and the yearly vacations at LBI that you always included my children in will be a lasting and fond memory for them always. And all the other many things we did together as a family. You will be greatly missed and loved forever.  
Love,

“ My most sincere condolences to the Frisby family. Rosemary and I were classmates at Suffern High School, Class of 59. Since graduation we became dear friends, especially after our class reunions. She and I maintained our class records so we corresponded frequently. Since she remained in contact with many of our classmates so she was able to notify me when there were address and contact changes so I could keep the class registry current. Her passing is a complete shock to me since she appeared to be healthy and always in good spirits. I treasured her family postings on Facebook, especially the photos of her dad during his WW II service. I have many fond memories of her during our high school days. We just recently discussed her relocation to PA. Since I am a Lehigh graduate I was familiar with the area so we had a lot to talk about. She was a beautiful lady who lived such a productive life. She had a positive influence on everyone who was fortunate to know her. Her passing certainly leaves a void in my life. RIP Rosemary.
