“ My beautiful Big Sister (Sissy). My fondest memories of us will always be our annual apple picking trips with our children and grandchildren. Those precious moments in which we bonded at the orchard under the trees will remain sacred in my heart forever. And every year as the leaves change in the Fall and the air turns crisp I will think of you and picture you in the sunflower field that you loved so much! Love and miss you always!

Forever your Baby Sis,
Mónica 🌻

“ We shared so much as sisters. I saw you as a new born babe. You were my partner in crime, lol, and my best friend. We raised our children together, and my kids loved you as their second Mom. Words cannot express the void that is left in our lives. I will miss you so much Sissy.

“ You are a gift , a beautiful soul, a sweetheart and loving mother. Your smiles brightens every room. It's unfortunate I didn't have enough of you but what I got I will cherish. All I can say is you are the best. You made me part of your own and to that I say thank you. We love you but your maker loves you the most. Rest peacefully in the arms of your maker.
