

Dr. Unsup Kim

September 2, 2019

“Life means everything to me” are the words written by a young Korean Army Captain describing how he found the strength to perform an emergency amputation on an American soldier’s leg while serving in a M.A.S.H. hospital during the Vietnam War. For this act of bravery, he was later awarded the United States Bronze Star for Valor, as well as a Gold Star from the Republic of Korea, and a Silver Star award from Vietnam.

Dr. Unsup Kim, former Director of Surgery at Elmhurst Hospital in Queens, New York, and Professor of Surgery at Mt. Sinai’s Icahn School of Medicine in New York, passed peacefully in his home in Teaneck, New Jersey on September 2, 2019.

He is survived by his beloved wife of 56 years Myungsoon Kim of Teaneck, NJ, devoted daughters Kathlyn Kim and Sandy Kim (and her husband Dave Limone), wonderful grandchildren Sydney Shilan, Jake Shilan, and David Limone Jr, and sisters Kyung Jah (Seoul, Korea) and Kwi Jah (Busan, Korea). Born in 1934, Dr. Kim was the middle son of 8 children born in a small country village in South Korea to poor farmers.

Despite the hardships of the Korean Civil war, at the age of 16, he was able to work as an “errand boy” in a U.N. Swedish hospital because of his command of the English language.

It was this fortuitous event which we call “IN YEUN” in Korean that changed the course of his life. While working at this hospital Dr. Kim met and befriended Dr. Tor Van Schreeb who planted the seed in him that he should

pursue a career in medicine. They remained lifelong friends.

Defying all odds, given his family's lack of education and financial means, Dr. Kim had the gumption to take the rigorous exam for Seoul National Medical school, and passed with flying colors.

After graduating in 1959 and starting his surgical residency at the Korean Army hospital, he had the great fortune to meet Myungsoon Kang, the love of his life.

They met after Miss Kang hired Dr. Kim to teach her to speak French so that she could understand the French films which were all the rage at the time.

Unsup was a very strict teacher and if she mispronounced a word he would instruct her to "repeat" it over and over until she said it perfectly.

As payment for her lessons, Miss Kang invited Unsup to attend a concert with a famous American pianist, Rudolf Serkin.

They soon fell in love and were married in 1963.

In 1966 he became Chief of Surgery in Korea at the Military hospital.

From 1967 Dr. Kim was invited to continue his Surgical training in the United States at Mt. Sinai Hospital, followed with a guarantee of U.S. citizenship after 5 years.

Recognized for his surgical and leadership abilities, Dr. Kim was promoted numerous times, and in 1975, was appointed as Director of Surgery at Elmhurst hospital, a role which he held until 2011. Even after he retired as Director, he continued to operate and provide exceptional patient care until 2016.

As dedicated as Dr. Kim was to patient care, he was equally passionate about being an educator, and felt honored to serve as a professor of Surgery at Mt. Sinai's Ichan School of Medicine- a position he held starting in 1983.

During his tenure at Mt. Sinai, he had the privilege of training and mentoring thousands of medical students, surgical residents, and Fellows, many who have gone on to have illustrious careers serving as Directors of their own Surgical departments, fellow Professors, and accomplished authors.

A stern, but generous educator, he was highly respected and loved by so

many of his students who nominated him for numerous awards over the years, including the “Robert Paradny Outstanding teacher of the year”. His legacy for compassion, serving others, and putting “life above all” will continue through his family in whom he instilled these values, and the many medical professionals who he trained and mentored.

Family and friends will be received on Saturday, September 7th at the Volk Leber Funeral Home, 789 Teaneck Road in Teaneck, New Jersey from 10:00 AM- 2:00 PM with a service immediately following.

In lieu of flowers, friends and family may make a gift in Dr. Unsup Kim's memory to support medical student scholarships through the Enhanced Scholarship Initiative. Gifts can be made online by sharing the following link: <http://giving.mountsinai.org/UnsupKim>

*Dear Myungsoon and family.
We are very sad to hear of Dr. Kim's passing away. He contributed to the training of many Israeli surgeons. We all share very fond memories of him. I am sorry he was not able to visit Israel. I had the privilege of having Dr. Kim as my boss for several years. His dedication and love of teaching were inspiring.*

Many years ago, if you visited Elmhurst Hospital after evening rounds, you might find Dr. Kim discussing events of the day with the residents, and sharing some informed observations about history and literature.

Recently, if you visited Elmhurst and the operating rooms which he designed, you might see the older Dr. Kim helping prepare a patient for surgery, and perhaps sharing a smile and a hug with the nurses and staff who knew him well.

In between, there have been decades of teaching, patient care, and Dr. Kim's presence as a model and inspiration to all of us.

“ *Dear Dr Unsup Kim, it's me Willie. I know you always like an uncle to me, and what a marvelous one you were!*

I will always treasure your love for our family(my parents, my sisters, and my wife and son). I have learned so much from you, and you have helped me a lot when I first ventured on my journey back to the US.

I cannot believe that you are already in Heaven...I can still see your face. I can hear your voice. I can draw your home in my mind. I will never forget you and your family, ever.

Thank you for coming to my wedding. Thank you for being so supportive. And most of all thank you for just being YOU.

With love, William S Baek
