“ *Our most deepest and heartfelt sympathy to Marie and the rest of the family on your tremendous loss. Walter was always such a lovely, caring man. I know that he shared many wonderful memories with both of our parents as well as us. May the cherished memories and the legacy of love that he has left behind always keep him near and bring some peace to your hearts. “ Dear Zuccaro family,

*As a teacher, Walter was my first principal at Hudson School. He taught me a lot about being a teacher and supported me competently and kindly. When I applied to be a school psychologist, he wrote a very helpful recommendation to the Board of Education. That was important to me getting the job. I moved to Allendale in 1988 and became a permanent pollworker. What a pleasant surprise when I saw Walter and his wife come in to vote. We enjoyed sharing memories. I will miss him.*

“ *Walter was my second father. I've know the Zuccaro family all my life and still to this day are best friends with his daughter Renee. As someone who lived around the corner, there are too many fond memories to share - vacations, him being a softball coach (remember team butterflies), and Atlantic City trips - just to name a few. Walter was someone who would always lend a hand. A truly warm and thoughtful person who will be missed.*

*Love,*

*Cindy Finnigan (Bricca) and family.*

“ I always used to run into Walter and Marie with my grandma in the shop rite in Paramus every Sunday. I saw Walter and Marie last year in the Boulder Run Shopping center. I also used to run into the both of them at the Panera at Paramus Park Mall. Walter and Marie were always so kind and loving. I loved having the chance to talk when running into them. My grandfather (Paul Proietto) and I just shared a phone call and he was telling me all about his childhood with Walter. Sending all of my condolences to the Zuccaro family during this difficult time. Love: Emilee Proietto
