“ *I was saddened to see the news of the passing of Bill Burke in the latest issue of IC View. Somehow this news eluded me prior.*

Bill and I had not been in touch in the years after graduation, but we connected casually on social media a few years back to say hello and share some memories.

I was a friend, collaborator, co-worker, and roommate with Bill during the time our paths crossed at IC.

He was a year ahead of me at IC and “took me under his wing” at various times – late nights in the editing suites and TV studios, at work for the Student Union, navigating residential situations, etc.

I offer my sincere condolences to Bill’s family and friends. Bill was a really nice guy of whom I have fond memories of running into at midnight – both of us haunting the halls of Dillingham as we were trying to finish up editing projects and sharing equal parts frustrations and successes.

“ I for one did not know Mr. Burke personally. I remember playing last year for FCT, and on Mothers Day, a special day as we all know, that day I broke my hip trying to score for the team. After the incident, I was pulled away in pain and tears. For more than half the game I lied on the floor begging for the pain to stop. Then from my right, I see Mr. Burke approaching me and with a shocked and confused face, he asked me, “Hey man, what happened to you?” As I told him the story he looked at me with such sorrow and pity. At the time he was trying to comfort me with phrases such as “You almost scored” and “Dont worry, you'll get it next time.” As a smile zoomed across my face, trying to forget the pain. The entire time I was on the floor, he never left my side. Until one of my relatives picked me up. As the game finished, he being careful, lifted me up from the ground with another man and carried me to my relative car, like I was a wounded soldier. From that day it was the last time I saw him, I never got to tell him how grateful I was for him helping me out. I wish I did it sooner, but I didn't have any contact information of him at the time. Even though he's not gonna read this, I say “Thank you Mr. Burke, for staying by my side and cheering me up when I was in much pain.”

My greatest condolences to his wife and children.

“ I met Bill many years ago when I was at FremantleMedia and Bill assigned our Sydney team the right to represent the CBS properties for licensed product in Australia. He was a fantastic business partner and really smart, funny and considerate person even as he gently but determinedly encouraged us to push the deals to be even bigger. My deepest sympathies to his family who I always will remember he talked to fondly about.

“ My deepest sympathy to Patty, Erin and Ryan and the extended Burke family. I worked closely with Bill for 13 years on every Star Trek project imaginable often spending 16 hour days alongside one another trying to get every detail right. Bill was a rare human being who combined ambition and compassion. There was no problem too large or too small to handle, but even when working on the other side of the world, he always had Patty and the kids top of mind and found endless energy to stay atop what was happening at home. He was a rare individual and a good friend to those that knew him. He will be dearly missed and never far from our thoughts.

“ I'm so sad to hear we have lost Bill. He was a treasure to the Teaneck community. I met him when I first got involved in Teaneck Soccer as a dad about 20 years ago. He created wonderful opportunities for thousands, I think tens of thousands of kids to be happy, successful, and to grow. He did the same for me as I gradually learned to coach and take on other roles in the league. We had great talks on the bus back and forth to NYC. We talked about the kids ... the ones who lit up the field with their smiles and the ones whose smiles needed to be nurtured. Bill gave me the opportunity to do that. We talked about Teaneck, about the TJSJ web site, about merchandise. So much happiness in the world thanks to him. This is a very sad day.

“ I am so sorry to hear of Bill's passing. I worked with Bill many years ago at HIT Entertainment, and we have remained in touch since. Whether sharing time together at a trade show, or a meal when Bill visited LA, I always enjoyed my time together and appreciated his intelligence, giving nature and sense of humor. My condolences to his whole family. May his memory, kind soul and ever present smile be a blessing to you now and forever.

“ My deepest condolences to the Burke family. I've only known Bill since 2017, when I joined the CBS Consumer Products team. He was always the early bird and busy bee; a five minutes talk with him would be enough to realize he knew the business inside out - he'd be involved in nearly everything in the team and would always be willing to share his knowledge. He was an example of hard work and dedication to follow. Will miss him greatly. R.I.P., Bill.

“ Bill and I worked together at Sesame Workshop years ago. When he left, we stayed in touch--having a lunch once a year or catching a quick hello at the annual Licensing Show. He always spoke so proudly of Erin and Ryan, and so lovingly of Patty. Every year, I looked forward to getting his Christmas cards to see what the Burke family had accomplished or enjoyed. He was a dedicated family man, a great colleague and a wonderful friend. He will be missed. Sending good thoughts and love to the family.

“ Bill was a total professional and an amazing person. Teaneck soccer has lost a giant. Bill and I had a great soccer relationship. Our last soccer discussion was in the middle of Votee about the birds laying eggs on the field. May his soul rest in peace.

“ To Patty, Erin and Ryan, my deepest condolences. I am heartbroken to hear about Bill. I worked with him for over a decade at CBS and he was one of the hardest working and most dedicated individuals I knew. We sometimes referred to our small team as “Team Trek”, and Bill was in the middle of it, always quick to lend a hand, to get a project going, doing whatever was needed to make it a success. I’ll miss our late night convention-team noshes at the Blackbear Diner with him, celebrating the challenges and successes of another event completed, and our group text-messaging during the Women’s World Cup soccer matches, trading notes on lineups and suspect referee calls. He would always talk about his family, and all the things they would do together. I am so sorry for your loss. Rest In Peace Bill.

“ Upon hearing the news of Bill’s passing, I was, of course, heavy hearted. I found myself reminiscing on the happier times that were spent with Bill and with the entire Burke family throughout the years. Bill was the best soccer coach, the best neighbor, and the best friend. His love for his family and friends was radiant and an example of unconditional love that we all should strive to follow. I will never forget all that Bill has done for me and for my family and will always look back on our shared memories fondly and with a smile on my face as I remember that loud, contagious laugh that could light up the darkest of rooms.

RIP to a shining light. You will be so missed.

“ My deepest condolences to the Burke family as you try to come to terms with the loss of an unbelievably dedicated Dad, husband and friend/colleague, loved by not only the entire Licensing community, but anyone whose life he touched. I had the great pleasure to work with Bill at Sesame Workshop and his talent, resourcefulness and kindness always amazed me. At Licensing events, I looked forward to seeing Bill’s twinkling eyes and warm smile. He always lovingly shared details of wonderful family events and trips and his face would light up as he spoke about his incredible wife, daughter and son. I never met a more dedicated Dad than Bill. When I was job searching, Bill took me out to lunch and gave incredible advice. As you process this loss, please know that Bill lives in the hearts and souls of all of us, leading by example and leaving a memory like none other. Much love and kindness to you and your family.

“ Since he lived only a few doors down from me, I got to know Bill quite well. We spent a lot of time together talking; on our front lawns, on the bus rides to and from the city. Once we started coaching our daughters' soccer teams together, there were many years of rides to and from games and practices, not the mention the countless hours spent in gyms and fields conducting practices and coaching games.

Bill was a great person who gave of himself without reservation. He was there of course for his family, first and foremost. But he was also there for his community. He was the greatest multi-tasker of all time. Simultaneously dealing with his demanding job, and running the soccer program while doing ten other things. Throughout, he was always kind and respectful to all the players, their parents and all whom he dealt with. He treated all the kids as if they were his own children, and they all loved him in return. He was a truly great human being. His passing a great loss for all of us

“ Soccer was one of Bill's passions, but not what defined him. All my kids played Teaneck soccer, and so I always had questions to ask Bill. He was a kind, sweet person that always imparted care and help so that a child could have the opportunity to grow and gain confidence. I and my family feel the loss of this kind man and will always have fond memories of Bill. Our sympathy goes out to his family, and may they be comforted, as time passes, knowing that he leaves a legacy of Family and friends that benefited from his human kindnesses.

“ Bill and I go way back to 1984, when we entered Ithaca College. A fellow radio DJ and later executive staff member of the college station (106-VIC) where he succeeded me as Program Director, Bill was a team leader and player. His love for oldies music (50's and 60's) dovetailed with mine and that connection stayed with us over the years. To see him become a successful executive, a loving husband and father as well as an active sports coach in the Teaneck school district made me even prouder to be his friend. I'm gonna miss "Billy-B" (his DJ name) greatly. Rest well above the clouds, Bill.

I worked for several years on the periphery of Trek licensing, and was lucky enough to spend time with Bill and his team at many conventions. Bill was so hardworking and dedicated, and yet incredibly joyful and kind to anyone who came across his path. It was clear to me how much he cared about his coworkers, and how much his team cared for him. I'm just so deeply sorry, and I'm sending love and light to all.*

“ Steve and I were just brokenhearted to hear of Bill's passing this week. We have known Bill professionally for over 15 years. He was our client for many of those years and he was so smart, funny, kind, generous and inspirational. We became friends. We started to have 'Monday of Expo' dinners - a date Bill would never break. He said it was a tradition to have that night's dinner with us. He could have had dinner with so many other bigger and more important partners but he kept Mondays of Expo blocked for us. And at those dinners, Bill spoke mostly about his family. He was so proud of them. We heard about all his family traditions including Black Friday shopping adventures and his Christmas gingerbread house building events. He talked about soccer and gave us updates on how Ryan and Erin were doing. He spoke lovingly about Patty - especially when we asked him about how they first met. There was a time when we were not able to get many deals done for Bill so we offered to resign and Bill wouldn't hear of it. Instead, he motivated and helped us to think bigger/out-of-the-box and boom, he was right. We had one of our biggest years because of his management and inspiration. He was such an amazing boss to us. He was so kind and fair to licensing partners. He was a genuine gentleman. It's hard to process that we won't get the chance to connect with him again. We will never forget him and will think of him often. Our thoughts are with his family. We send our sincerest sympathies to you from Canada.

“ My sincere condolences to the entire Burke family and to the rest of the Teaneck community.

Bill Burke was a great man — especially to his community. The memories I have with Coach Burke are some that shaped my high school experience. Bill helped create a space where any child could play soccer, as well as be able to eventually learn and experience what it means to be a Coach. From the Halloween nights where I would go Trick Or' Treating to the Burke home, and be greeted with the biggest smiles, to the moments where I could hear Bill cheering and rooting for me all the way from the sidelines, to my senior year, where Bill handed me my scholarship awards. Bill's impact on this world is evident, especially for those who's lives he touched. It's evident in mine. Bill made me feel welcomed at TJSJ and in Teaneck. I will carry everything he taught me and what he embodied. Bills legacy in his hometown will be honored and remembered forever. I send my strength, condolences, and prayers to Ryan, Erin, and Mrs. Burke. Teaneck is here for you.

“ My most sincere condolences to the entire Burke family and to the Teaneck community. Coach Burke was a great man — one especially to his community. Bill helped create a space where every child could play soccer, where high school students could experience leadership and the opportunity to also embody what it means to be a coach. The memories I have with Bill are endless: From Trick Or’ Treating to his house every Halloween and being welcomed with a bright smile, to having him root for me on the sidelines of the field as I attempted to score a goal, to receiving my scholarship awards my senior year of High School from Bill, so proudly.

Bill Burke’s impact on this world is evident, it’s evident in the lives who he touched and it’s evident on mine. I will always remember how welcomed he made me feel into TJSJL and the great experience i obtained from playing on his team.

Coach Burke, your legacy in your hometown will never be forgotten. Bill helped shaped Teaneck to what it is today, truly, the best of Teaneck. I send my love, strength, support, and prayers to Ryan, Erin, and Mrs. Burke, as well as everyone who is hurting.

“ I met Billy in 1980 while ministering in his home town of Plymouth Mass. He was a curious little guy who drove his sister crazy yet was immensely loved by her. He made his parents proud even though he got in trouble for the little things as most boys do. His dad introduced him to sports at an early age and before long he was smitten. Billy was what one would call a good kid. The Burke's did everything as a family especially going to his games, his dad coaching along the way! You will be welcomed into His Kingdom with open arms for even in his youth, Billy was a good and faithful servant. 🙏

“ Bill and I met in the mid 90’s, waiting for the bus together in the cold dark winter morning, at the corner of Griggs Avenue and Queen Anne Road. We often rode the bus together and worried about the skunk who lived at the corner spraying us and then having to ride the bus covers in skunk odor. We were neighbors for many years and what joy it was to be invited to join him and Patty and then later on Erin and Ryan for one of their warm and welcoming barbecues, gingerbread decorating parties or watching our daughter play with Erin and Ryan. And then being in awe of Bill’s pumpkin carving skills at Halloween. We loved him as a neighbor and as Patty referred to him one time when I was having computer troubles, “her computer geek.” Though I moved away, we kept in touch, as Bill and his family were the best neighbors I ever had or anybody could ask for.
