“ *Dear Robert, Kathleen, Susan and Debbie: I am so sorry to hear of Bill's passing. I had so looked forward to seeing him in the springtime! We have been friends since the early sixties (phew!) along with John Gallenberger and Chip Graff; I have some great memories of trips and funtimes, but lately we wrote of God's love for us and how much I know that meant to him. I know he is in a better place and I will see him again some day! Love to you all Addie###imported-begin##Addie Bogert###imported-end##*

“ *Billy was a big guy, but not nearly big enough to hold his heart. Now we must learn to dance on a moving carpet instead of feeling the carpet has been pulled from beneath us. My entire family send all the family love. Me too.###imported-begin##Alicia###imported-end##*

“ Dear Bobby, Kathy, Susan & Debbie: We are very sorry to hear of Billy's passing. We are all very shocked and saddened. We understand that he had just recently retired and was looking forward to some leisure time and the opportunity to travel. It is unfortunate that he didn't get the opportunity to do so. Our hearts and prayers go out to all of you at this most difficult time. Love, Jon, lori & Joe###imported-begin##Jon Patrucco###imported-end##

“ There can never be too much love, honesty and sincerity in this world. To have lost a man who contributed all three is a tragedy. I love you, Uncle Billy. You will be missed but not forgotten.###imported-begin##Meghan Gallagher###imported-end##

“ Dear Susan & Family, Hope you remember me from our St. Joe days. Sorry to read about your brother Bill's passing. The only reason I was looking in the Bergen Record's obits was to see if my fathers obit was in todays paper also. He passed away on Tuesday 1/26 at the Hackensack Hospice center. He was almost 90 so I am grateful for having him so long. My mom died 14 years ago. Please accept my deepest sympathy in the loss of your brother. Please drop me a note when you get a minute. Fondly, Irene Looram Healey###imported-begin##Irene Looram Healey###imported-end##
